# GREETING IOA President

Dear Esteemed Colleagues, Delegates and Industry Partners,

I am honored to extend my warmest greetings to all of you as we prepare to convene for 72nd Continuing Orthopaedic Education (COE) of Indonesian Orthopaedic Association (IOA), hosted in the culinary city of Padang.

On behalf of the Indonesian Orthopaedic Association (IOA), it is my privilege to welcome you to this significant gathering, taking place from the 29 May to 1 June 2024 in The ZHM Premiere Hotel, Padang, West Sumatera. We are honored that this meeting in Padang is also a combined meeting of Indonesian Orthopaedic Association (IOA) and Malaysian Orthopaedic Association (MOA).

The theme for our meeting is Challenges in Managing Complex Neglected Orthopaedic Cases: Optimizing Resources in the Developing Countries.

This meeting is an exceptional opportunity for us to collaborate, exchange knowledge, and strengthen our collective resolve to improve the lives of those affected by complex neglected orthopaedic cases. Our programme for this meeting is thoughtfully curated to encompass the latest research findings, best practices, and innovations. I am excited about the connections that will be forged and the collaborations that will be initiated during this meeting.

Let us embrace this opportunity to network, share our experiences, and inspire one another. I urge all members of the Indonesian Orthopaedic Association (IOA) and also to General Practitioner and other specialist to mark the dates in your gadget and arrange your transportation early to enjoy the fruitful discussions and enduring friendships.

One thing for sure the success of the 72nd of COE will also need the participation and support of pharmaceutical and health care product companies as well. In this occasion, hopefully all the companies will participate in the exhibition of the 72nd of Continuing Orthopaedic Education (COE) of Indonesian Orthopaedic Association (IOA).

**Prof. Dr. dr. Ismail HD, Sp.OT(K)**

**IOA President**

# GREETING Chairman of 72nd COE of IOA

Dear Friends, Colleague, and Industry Partners

It is my great honor and pleasure to invite you to the 72nd Continuing Orthopaedic Education (COE) of Indonesian Orthopaedic Association (IOA) combined meeting with Malaysian Orthopaedic Association (MOA) to be held on 29 May – 1 June 2024 in The ZHM Premiere Hotel, Padang, West Sumatera.

I am especially pleased that our meeting will be held full of offline and the main topic will be covered by a number of distinguished guest speaker, free paper section and poster presentations. The Collaboration of International Association as well as scientific activities will be the Right-lights of this meeting.

The success of the 72nd Continuing Orthopaedic Education (COE) of Indonesian Orthopaedic Association (IOA), will also need the participation and support of the whole members. Therefore, on behalf of the organizing committee, I kindly invite your support for this occasion. Your active support will be highly appreciated, not only by us but also by the whole Indonesian Orthopaedic Association Community.

We are really looking forward for your support and participation in the exhibition of 72nd Continuing Orthopaedic Education (COE) of Indonesian Orthopaedic Association (IOA).

**dr. Hermansyah, Sp.OT(K)**

Chairman of 72nd COE of IOA

# GREETING MOA President

On behalf of the Malaysian Orthopaedic Association, it is with great pleasure and enthusiasm that I extend my warmest congratulations to the Indonesian Orthopaedic Association for organizing this significant combined meeting. This collaboration is a crucial step in our joint effort to improve orthopaedic care and knowledge in our area.

The theme of this conference, "Challenges in Managing Complex Neglected Orthopaedic Cases: Optimizing Resources in Developing Countries," resonates deeply with the realities faced by orthopaedic professionals across both Indonesia and Malaysia. In our respective nations, we encounter a diverse array of orthopaedic cases, often complicated by limited resources and unique socio-economic factors. By coming together to address these challenges head-on, we can leverage our collective knowledge and experience to optimize patient care and outcomes.

I firmly believe that this combined meeting will serve as a platform for meaningful dialogue, learning, and networking among orthopaedic professionals from both nations. By sharing best practices, innovative approaches, and research findings, we can collectively elevate the standard of orthopaedic care and ultimately improve the lives of our patients.

As President of the Malaysian Orthopaedic Association, I am confident that this gathering will not only enhance the professional development of all attendees but also strengthen the bonds of friendship and collaboration between the Indonesian Orthopaedic Association and the Malaysian Orthopaedic Association. Together, we can overcome the challenges we face and work towards a brighter future for orthopaedic healthcare in our region.

I extend my heartfelt gratitude to the organizers, speakers, sponsors, and participants who have contributed to the success of this event. May this combined meeting pave the way for many more fruitful collaborations in the years to come.

Warm regards

Prof Dr Tg. Muzaffar Tg. Md Shihabudin

## WEST SUMATERA

**The land of Minangkabau**

West Sumatra, boasts as one of the most scenic region of Indonesia.

With its mountainous topography, divided by three valleys, it is the home of many natural lakes and spectacular volcanoes. Lush green forests, breathtaking paronamic peaks, crystalline lakes, naming only a few of this region's marvels. The people of West Sumatera, widely know as "Minangkabau" people, is a unique combination of matrilineal lineage as well as rich cultural heritage.

No wonder, West Sumatera has more than a few tricks up its sleeve, from stunning beaches like Air Manis, Mentawai Island, Mandeh Island, to undulating landscape such as the enchanting Lake Maninjau, the picturesque Harau Valley, and the Bukittinggi Highlands.

Prominent, yet, one-of-a-million horn-shaped buildings are unique, and globally-known architecture. These buildings, are a common sight, not only on the rural, but also integrated to modern buildings in its capital, Padang.

Famous food as such rendang, satay, nasi padang, nasi kapau, gulai, have reached the world-wide community, making it a forefront of indonesian culinary profile and has been generally accepted as one of the most sought delicacies.

The region is in the limelight for its legendary folktales such as the love story of Siti Nurbaya who was forced to marry an old wealthy merchant and the story of an ungodly man, Malin Kundang, who was cursed to stone by his mother.

# Call for Paper

## Abstract Content Guideline

Manuscript Type	Original Research	Review Article	Case Presentation
Abstract Content (Max 500 words)	<ul style="list-style-type: none"><li>• Introduction</li><li>• Method</li><li>• Result</li><li>• Discussion</li><li>• Conclusion</li><li>• Keywords</li></ul>	<ul style="list-style-type: none"><li>• Introduction</li><li>• Method</li><li>• Result</li><li>• Discussion</li><li>• Conclusion</li><li>• Keywords</li></ul>	<ul style="list-style-type: none"><li>• Introduction</li><li>• Case Presentation (History, Physical Examination, Treatment, Follow Up)</li><li>• Result</li><li>• Discussion</li><li>• Conclusion</li><li>• Clinical Importance</li></ul>

## Assessment Criteria

### Assessment Criteria for Final Paper/Free Paper Oral Presentation

1. Introduction
  - Title
  - Background
  - Case history
  - Problem
  - Scientific Gap
  - Purpose or aim of study/objective
2. Methodology (consistent with the aim & has shown logical, relevant, eligible approach)
3. Results & Discussion (Achieved, analyzed appropriately & clearly presented)
4. Novelty (Originality of Research)
5. Impact Relevance of the findings
6. Overall presentation (Ideas are clearly organized, spoken coherently, presentation is good & clear)

### Assessment Criteria for E-Poster

1. Layout & clarity of the poster
2. Novelty (Originality of Research)
3. Methodology (consistent with the aim & has shown logical, relevant, eligible approach)
4. Results & Discussion (Achieved, analyzed appropriately & clearly presented)
5. Impact Relevance of the findings
